

## **Guest Feedback 28.11.09**

We stayed in a 2 bedroom chalet which had much more space than we expected and had experienced in other similar parks.

From the outset the staff were very friendly and helpful, offering advice and information.

The park was fairly quiet during our stay which we appreciated. All the facilities and grounds were clean and well maintained and we took advantage of the BBQ facilities dotted all around the park.

There was a short walk to a calm, deserted and extremely beautiful beach. Which was perfect for our 3 year old daughter who enjoyed building sand castles, paddling in the shallows and chasing fish!

Peppermint Park offered the perfect location for us to explore the local area - it is within a short drive of local towns Busselton, Dunsborough and Yallingup and near to multiple wineries and tourist attractions such as the Shearing Shed, Margaret River Cheese and chocolate factories etc.

We stayed for a week and thoroughly enjoyed our stay . It would have been nice if the pools were heated in some way as they were too cold for our young daughter to enjoy.

All in all highly recommended and excellent value for money

Mandy
